

Private Residence Brush Prairie
Investigated by Southwest Washington Paranormal Research

Southwest Washington Paranormal Research
 *Investigation Report* 

April 12, 2005

Southwest Washington Paranormal Research conducted an investigation of paranormal activity at the private residence located at 17901 NE 158th Avenue, Brush Prairie, Washington, on April 12th, 2005, at the request of the residents.

The researchers started the investigation by taking temperature and EMF readings throughout the home. Starting in the front living area the temperature read 64* F with no EMF reading. The kitchen, laundry, bathroom and hallway all had a temperature of 65* F. No EMF readings were found throughout the home with the exception of the hallway, which spiked to 10 for a moment. The temperature in the master bedroom and master bathroom read 63* F while the media room was 66* F. in the master bedroom 9:35 PM Motion camera went off in the master bedroom 9:50 PM Motion detector went off in bedroom 9:55 PM Fred felt someone behind him in the hall. When he turned to see if someone was indeed there, he took a picture and caught an orb. 10:05 PM First EVP Session started in the master bedroom by Kim 10:06 PM During the EVP session a "grumble" or "grunt" noise was heard by several of the investigators 10:34 PM Motion detector went off in master bedroom 11:17 PM Second EVP session started in the master bedroom with questions from Kim and one of the residents of the home, Joan. 11:23 PM Dezi sees some type of dark figure on the bed next to Joan 11:25 PM A cold breeze is felt by everyone in the bedroom during the EVP session 11:26 PM Temperature readings are taken in the master bedroom: steady temperature readings at 63* F down to 61* F then down to 59* F. 11:31PM Temperature readings in master bedroom show temperature rose back to 73* F. 11:32PM End of EVP Session 11:33 PM Cold breeze is felt again by all in master bedroom. 12:10 AM Third EVP Session is held in the living room with questions given by Kim, Bob and Joan During the session the following occurred: Kim felt a cold draft from the hall; Bob also felt the cold draft during questioning and felt a presence of a recently deceased friend, Kobe. Dezi asks "Who is John?" 12:20 AM Kim was brushed up against during the session. Feels colder but no temperature changes. 12:21 AM Bob sees a shadow on the wall 12:22 AM After Bob had been asking questions, Dezi feels that there is too much aggravation and asks for the lady of the house to speak. 12:30 AM Kim felt cold again... temperature readings 75* F down to 68* F 12:32 AM End of last EVP session During the last session, Dezi had felt pain in the lower half of her legs near her Calcaneal (Achilles) tendon. She asked the group if anyone knew someone with sore feet or legs. Joan responded that Steve had sores on his heels before he died. 12:35 AM Motion sensor

in master bedroom went off. Master bedroom is very cold.

**Both the residents of the home had a spouse die abruptly at a young age (Steve and April).
Steve's ashes are kept in an urn in the home.**

**More research about the property's history and an investigation outside of the house on
the property need to be done. Due to weather, we were unable to investigate the outdoors.**

**The evidence gathered from the above mentioned equipment will be analyzed and perhaps
some answers will be found. As of now, the questions remain as to whether the activity in
the home is caused by the spirits of the lost family members, ghosts from the past, or
perhaps a lost friend. The one thing confirmed is that indeed there is paranormal activity
in this home. We can only hope that they may now find their way.....**
